

## Shell Card – Delivering Companies in Europe

The companies listed below act as Delivering Company in the respective countries and invoice the supply of products and services delivered (excluding tolls & duties) in their own name and own account to the Shell Card customers for both international and national transactions.

| Country        | Invoicing Company (Delivering Company) | Address                                                                         |
